

COMPANY OVERVIEW

Bluesach Management & Consultancy was established with the prime objective of serving but not limited to the oil & gas, petrochemicals, financials, security, information technology and logistics industry. We operate largely, but not exclusively, in west Africa where we cater to a wide variety of eminent clients ranging from international contractors, state owned monopolies through to private sector companies.

Bluesach is a subsidiary of Bava Group and companies LLC, incorporated in 2019.

Our desire is to always exceed the target and expectation(s) of our clients and contribute to the overall economic growth of our business sector and Nigeria as a whole.

The company is being run by seasoned professionals with vast experience.

ABOUT US

CORE VALUES

At Bluesach Management & Consultancy, our core values are hinged on quality and integrity, and this is manifested in every aspect of our services with the ultimate goal of bringing satisfaction to our esteemed clients.

QUALITY

At bluesach we give quality or nothing. We are known for carrying out world class services

INTEGRITY

We at Bluesach have moral and commercial obligation to uphold.

We are committed to working as a company that focuses on treating others how we would hope to be treated; with honesty, fairness, integrity and fidelity.

VISION

Our vision is to stand-out and provide exceptional services that exceed the expectation of our esteemed clients

MISSION

To build and maintain long term relationship with all our clients by constantly providing top notch and satisfactory services, working efficiently to be the best amongst our contemporaries, which will in turn translate into excellent results on every aspect of our operations.

OUR TEAM

BMC has exceptional and efficient workforce which comprises of both technical and administrative personnel. We employ the best hands and talents available.

We also provide our workforce with the required skills and experience to carry-out an efficient task by ensuring they are continually trained through “on the

job training” and “technical classroom training”.

The management of BMC is made up of key professionals with vast experience in all our key service areas, having worked within and outside the shores of Nigeria.

SERVICES

1. OIL & GAS MANAGEMENT SERVICES

At Bluesach we are capable of achieving early and effective site planning that is applicable to Engineering, Procurement, Construction, Installation and Commissioning activities through the use of developed management & maintenance systems configured to align with local subcontractors and labour forces in addition to providing Front-End Engineering Design (FEED) services.

Our highly experienced staff, working with the clients' operating and maintenance personnel, will undertake all necessary steps to implement the required work program that would lead to a safe plant start-up and commissioning, and hence a profitable production output.

Bluesach has evolved the skills required of a premier contractor specializing in EPC management and full plant shutdowns, and revamps. We operate throughout the entire West Africa providing complete shutdown management and execution services, which includes estimating, planning, scheduling, cost control, procurement, and construction management.

2. COMMODITIES TRADING & LOGISTICS

Our strong and secure position in the volatile world of energy markets is based on extensive contacts in both the oil producing and oil consuming industry, and a portfolio of interests in bulk trading of oil and gas and products.

Bluesach energy experts negotiate international and domestic transactions in oil and gas, and their derivative products, from spot transactions to long-term supply arrangements. We have demonstrated our strength in trading Crude and are now rapidly expanding to source and trade in Gas.

With expanding our sourcing base we would be in a position to provide our clients with constant and stable supplies. With our global network and distribution channels around the emerging markets we can assure our clients access to the world's energy resources on competitive terms.

Bluesach is positioned to offer a variety of commodity trade services:

- Secure supply contracts for consumer companies.
- Assist producer companies to market their products.
- Logistic services

3. TRAINING / SKILL ACQUISITION

We considered everybody when we structured the best vocational training programs in areas of skilled & unskilled labor

Our courses create employment, reduce poverty and enhance economic independent among vulnerable Nigeria women and Youth.

Bluesach focuses on revolutionizing the informal sector of Nigerian economy through sustainable market system that will lift the vulnerable out of poverty.

4. MARKETING & PROMOTION

We build results-oriented brand strategies and continually refine your campaigns for the greatest outcome. From full-scale digital marketing and advertising strategy, right through to our precise execution and reporting...that's right, we've got you covered.

5. SECURITY CONSULTING

Threats confronting your business are constantly evolving and increasing in their complexity. Our consultants are skilled at analyzing your current security status to discover gaps, exploitable vulnerabilities and opportunities for improvement.

Our team of Board Certified Security Consultants can assist with:

- Corporate & Residential Security Risk Assessments
- Demonstrate due diligence, Prioritize and set risk thresholds & Evaluate risk management tactics
- Executive Risk Assessments & At-Risk Security Profiles
- Recommend cost-effective solutions to mitigate and prevent security breaches & Assessing your current corporate security program and protocols
- Understand how best to protect your business effectively and ensure profitability

6. ICT

We provide & implement game-changing solutions for your business, allowing you to deliver high-quality services consistently and cost-effectively. Bluesach ICT is a global vendor offering Data Center, Cloud and IT Managed Services.

Our solutions guarantee secure and prompt communication with all business partners regardless of a company's size and IT maturity.

7. REAL ESTATE

BMC specializes in providing the highest quality property management, association management, and real estate services.

Our real estate team to deliver unparalleled service to everyone we work with—homeowners, investors, sellers, buyers, and renters alike. All of our team members are committed to being the kind of professionals you reach for when you need to protect and enhance the value of your property.

8. FINANCIAL ADVISORY & FINANCING COMMODITIES

Bluesach strength draws on its broad range of expertise, including project finance know-how, arrange consortium of Designers and Contractors to organize large scale projects.

We aspire to become a total project organizer capitalizing on our extensive network with leading international & local banks, financing agencies and experienced project contractors.

BMC secures sales contracts with consumer companies for the output of the new project. These contracts are essential for obtaining the finance for the project and hence act as a key to the project's initiation.

We position ourself for this kind of project financing method for other large-scale energy resource development projects

9. MINING

Bluesach has a subsidiary, Bluesach Mining Nigeria Limited, which handles all mining related activities within the company. As a leading mining company, we specialize in the extraction and supply of various minerals based on comparative demand and supply in the market. We understand the importance of keeping up with the latest trends and technologies, are always exploring new opportunities to expand our portfolio. We also offer a range of services such as consultation, license processing, and asset acquisition. We understand the importance of responsible mining practices, and we are committed to minimizing our environmental impact while ensuring the safety of our employees and local communities.

We have partnership with china and also warehouse and export finished products from solid materials for building purposes. *Download our complete product list [here](#)*

We sell locally for export;
